
 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, contact ETF at www.ETF.WI.GOV. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other terms see the Glossary. You can view the Glossary at <https://www.healthcare.gov/glossary/essential-health-benefits/> or call 1-877-533-5020 to request a copy.

| Important Questions | Answers | Why This Matters: |
|---|--|--|
| What is the overall deductible ? | \$500 individual / \$1,000 family | You must pay all the costs up to the deductible amount before the policy begins to pay for covered services you use, with the exceptions of office visit copays and for federally required preventive services. The deductible starts over with each plan year beginning on January 1 st . See the chart starting on page 2 for your costs for services this plan covers. |
| Are there services covered before you meet your deductible ? | Yes. Preventive care and primary care services are covered before you meet your deductible . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | No. | There are no deductibles . |
| What is the out-of-pocket limit for this plan ? | Durable Medical Supplies (DME): \$500 per individual. Prescription drug: Level 1 and 2: \$600 individual / \$1,200 family Level 4: \$1,200 individual / \$2,400 family | The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. The federal maximum out-of-pocket is \$6,850 individual/\$13,700 family. This applies to all essential health benefits, including some services not included in the out-of-pocket limit . (i.e. certain level 3 & 4 prescription drugs and certain hearing aids covered under this plan). See https://www.healthcare.gov/glossary/essential-health-benefits/ for details. |
| What is not included in the out-of-pocket limit ? | Copays for Level 3 and Level 4 non-preferred specialty drugs; coinsurance paid by adults for hearing aids, premiums and health care this plan doesn't cover. | Even though you pay these expenses, they do not count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See www.ghcscw.com or call 1-800-605-4327 for a list of network providers . | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance |

| | | |
|--|------|--|
| | | billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist? | Yes. | This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist . |

* For more information about limitations and exceptions, see the plan or policy document at www.etf.wi.gov.

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
