Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$ 1,500 Individual / \$3,000 Family Combined medical and prescription drug deductible .	You must pay all the costs up to the deductible amount before the policy begins to pay for covered services you use, with the exception of federally required preventive services. The deductible starts over with each plan year beginning January 1 st . For family coverage, the full family deductible must be met. See the chart starting on page 2 for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Yes. Preventive care is covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other deductibles for specific services?	No	There are no other deductibles .
What is the out-of-pocket limit for this plan?	\$2,500 Individual / \$5,000 Family Combined medical and prescription drug out-of-pocket limit .	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. This plan's maximum out-of-pocket is capped at \$2,500 individual/\$5,000 family. This applies to all essential health benefits. See https://www.healthcare.gov/glossary/essential-healthbenefits/ for details.
What is not included in the out-of-pocket limit?	Coinsurance paid by adults for hearing aids, premiums and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See www.ghcscw.com or call 1-800-605-4327 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the different between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
