

Bill Andrae

2022 GHC-SCW
Board Member Candidate

NOMINATION STATEMENT

I am excited about the opportunity to serve on the board of GHC-SCW. I would bring two unique skill sets and passions to my role as a board member.

First is my deep experience in digital healthcare technology. I received my undergraduate degree in Biomedical Engineering with the initial goal of using my problem-solving skills to create medical devices to improve the lives of patients. Thanks to Epic, however, my focus has been on digital technology solutions instead.

During my career, I have been driven by a purpose to have an impact on patients – specifically to find ways to leverage technology as a means to improve the patient’s journey through the healthcare system. GHC-SCW has been an initial adopter of technology and was one of the first systems in Dane County to leverage online scheduling using MyChart.

I bring familiarity with many of the digital healthcare products in the market, and look forward to the opportunity to continue to support and drive initiatives focused on improving the healthcare experience for patients and caregivers.

Second is my passion for and experience with using data to drive performance and measure results. I consider myself a data geek and unlike others, get excited to use Excel. I have experience working in a capitated health system building operational dashboards and using the data to make business decisions and drive operational improvements.

Today, I work closely with my healthcare partners to create business cases for new initiatives. I look forward to the opportunity to bring my experience in business analysis and data visualization to facilitate planning and decision-making in this position.

Chassitti Clark

2022 GHC-SCW
Board Member Candidate

NOMINATION STATEMENT

At the forefront of the healthcare industry is a re-evaluation of equitable access, quality of care, and community impact. As a leader in the Dane County community, I was drawn to the work of GHC-SCW. I plan to use my connections and experience working directly in the Dane County community to bridge the divide in quality healthcare.

My work with the Urban League of Greater Madison Young Professionals has cultivated my understanding of the challenges in the community. Through my involvement with this organization, I have been able to help African Americans and others in underserved communities through involvement and education.

Additionally, I have developed a deep understanding of the challenges many Wisconsin residents face through my tenure with the State of Wisconsin. My team and I work hard to provide equitable access to utility services and provide utility customers an opportunity to have their voices heard.

My passion for community involvement continues with my time spent providing allyship to the underserved disabled community. I spent five years working with the family of an autistic child, where my responsibilities included developmental assistance, engagement, and comprehensive care.

Overall, I am interested in joining the GHS-SCW Board of Directors as an opportunity to implement my experience and develop new strategies to reach more underserved Dane County community members. I am confident that my well-established connections, extensive community knowledge, and unique perspective are all valuable qualities to the board.

Sarah Harebo

2022 GHC-SCW
Board Member Candidate

NOMINATION STATEMENT

As a member of GHC-SCW, my motivation in applying for the Board of Directors is to assist with shaping and guiding the health care provided to all members to be able to access culturally competent, positive, and affirming health care.

I have spent my career working towards and addressing issues related to equity. In the various positions that I have held, I have been able to work towards systems changes to improve organizational practice and responses to varying issues.

I have had the opportunity to interact with the health care industry beyond my own personal experiences as a board member of a health care provider, Alder Health Services, and as an advocate for others.

For the clients of Alder Health Services, the ability to see a health care provider that had the education and experience to provide quality care with familiarity with their needs as LGBTQ+ individuals made a huge difference in those individuals' ability and willingness to access health care.

Currently, I am a regular guest speaker at Alverno College, Milwaukee, WI in the nursing program discussing the intersection of health care providers and intimate partner violence and human trafficking. The experiences that individuals have when they interact with their health care providers and insurance impact their long-term health. My goal is to ensure those experiences are positive.

Nanette Hensen

2022 GHC-SCW
Board Member Candidate

NOMINATION STATEMENT

I have been a GHC-SCW member for over 25 years and have had the privilege to serve on GHC-SCW's Board of Directors for the last six years. I have enjoyed working on the Finance, Audit, Board Development, Executive, and Business Strategy Committees.

In my 33 years with American Family Insurance, I have worked in Financial Analysis, Accounting, and Claims. I have a Master of Science Management in Accounting and a Bachelor of Science in Mathematics and Economics. I am a licensed Certified Public Accountant and a member of the Wisconsin Institute of Certified Public Accountants. I hold certificates including Financial Planning & Analysis, Chartered Property & Casualty Underwriter, Associate in Insurance Accounting & Finance, and Associate in Reinsurance.

My husband and I enjoy spending time with our 4 adult children. My hobbies include walking, hiking, volleyball, and travel, especially to Alaska. In my spare time, I enjoy volunteering at Sacred Hearts Church.

I respectfully request your vote for my third term on the Board. I fully believe in GHC-SCW's principles of innovation, quality, patient focus, community involvement, and not-for-profit cooperative status. During a third term, I will continue to support our cooperative with our driving strategies and building financial reserves to ensure future financial stability. I also fully support our organization's commitment to inclusion and diversity and best-in-class patient care. I am committed to the fiduciary responsibilities of oversight of safeguarding the organization's assets and ensuring effective governance and controls. I bring my insurance, financial, and Lean experience to GHC-SCW's Board of Directors. I also bring my member's perspective as a mother, wife, and employee. Your consideration is greatly appreciated.

Richard A. Lavigne, Jr.

2022 GHC-SCW
Board Member Candidate

NOMINATION STATEMENT

I have been a member of GHC-SCW for at least six years. I am deeply experienced with issues related to access to health care coverage, services and social determinants of health.

I have extensive board service experience. I have been a practicing attorney for 15 years and have a broad depth of experience in consumer-side health insurance law. I will help ensure that GHC-SCW commits to a focus on patient service, quality of care and access to services for our most vulnerable patients.

I received my Juris Doctor degree from the University of Wisconsin-Madison and have served on various municipal boards in the City of Ashland, WI. Currently, I'm an attorney at the Greater Wisconsin Agency on Aging Resources, Inc, which is a nonprofit committed to supporting aging programs and services in 70 counties and 11 tribes across Wisconsin.

I supervise Elder Benefit Specialists across multiple counties and represent clients in Medicare, Medicaid, Social Security and consumer law proceeding. I also serve as a volunteer on the City of Sun Prairie Sustainability Committee.

Rob Pagnucci

2022 GHC-SCW
Board Member Candidate

NOMINATION STATEMENT

My goal is to leverage 30 years of financial leadership experience in the financial services industry with a small to medium-size company. I believe at this stage in my career, I can add tremendous value to the current board leadership.

In these challenging times, companies must rethink their technology investment, their talent operating model, and redesign controls to enable the organization to thrive in the new environment. My experience in Financial Planning and Analysis has taught me to challenge investments, find ways to attract and retain top talent, and also to establish metrics and controls to ensure the organization is tracking in the direction of its strategy and financial plan.

I have served in a senior finance position supporting executives up to and including the CEO and board of directors for a variety of businesses and had practical experience driving change.

I can help guide, support, and challenge a senior team to ensure they are appropriately planning for and monitoring their current business health and enabling their future success.

Judy Ziewacz

2022 GHC-SCW
Board Member Candidate

NOMINATION STATEMENT

My service on the GHC Board of Directors since 2015 will help me contribute continuity for the cooperative's future.

I believe that future is built on the GHC history of providing health care that promotes wellness and health maintenance; of being a nonprofit cooperative and locally owned; and of delivering both insurance and health care.

From this foundation GHC will have to adapt to a future with unknown health care challenges from the COVID pandemic; with patient expectations for more flexible and innovative care delivery; for health care equity; and an increasing demand for mental health services. All while securing a strong financial base as well as working with employers who purchase GHC insurance and need affordable rates.

GHC has faced similar challenges in its history and has been able to address them with the "Better Together" approach. While to some it may seem a slogan, I have witnessed how it is truly embedded in the way providers and team members deliver care to patients; how management addresses financial issues; and how we engage with employer groups.

I have worked for over forty years with cooperative organizations – as a lobbyist; as President and CEO of a national association; as head of a national cooperative development foundation and as a Board member. On paper, my experience is public policy and management. But really, my experience is working for organizations that put people first. That is the essence of Group Health Cooperative, why I am running for the Board and would be honored to have your vote.
